CREDIT FOR SUPERVISED EXTRACURRICULAR COMPETITION
(STUDENTS ARE LIMITED TO ONE COMPETITION)

Requirements to Obtain Credit: Students may obtain **2 or 3 credit hours** on a pass/fail basis in the **GRADUATING** semester for an approved competition if the student satisfies the following requirements:

(A) The program must be supervised or advised by a full-time faculty member.

(B) The student must make a substantial intellectual contribution to the activity. Alternates may receive credit if they make substantially the same contribution to the team as that made by the primary members of the team. Administrators or "managers" of the programs who do not participate in the intellectual exercises required by the program are not eligible for credit unless they qualify for credit under paragraph (C) below.

(C) The student must complete a written exercise in connection with the activity, which will be evaluated by the faculty supervisor or advisor. In many cases this will be a requirement of the competition. When there is no such requirement, students may receive credit if they reduce their learning to a written form which is evaluated by the faculty supervisor or advisor. This may take the form of a brief, trial memorandum, file memorandum, or other document relating to what they learned in the preparation for the competition. If the rules of the competition limit the involvement of faculty supervisors or advisors, evaluation and criticism of the written product may be postponed until the competition is complete.

(D) **The Chief Justice is responsible for verifying to the faculty advisor that each student to be awarded 2 credits has completed 85 hours of work and that each student awarded 3 credits has completed 127.5 hours of work, which may include written materials, preparation time and performance in competitions. All time must be tracked in CLIO.**

Credit may only be earned once and may not be changed after the drop/add deadline. No credit may be given without the approval of a faculty advisor or the Associate Dean for Academic Affairs.

Note: Students are limited to 6 upper-level pass/fail credit hours.

_____ _____**@email.sc.edu**
Print Name **Email Address**

_____ _____
USC ID **CRN**

_____ _____
Name of Team **Semester of the Competition**

Number of Credit Hours: ◯ 2 Credit Hours (at least 85 hours of work)
◯ 3 Credit Hours (at least 127.5 hours of work)

At the end of the semester, a grade of "S" will be posted once approval is received from the faculty advisor or the Associate Dean for Academic Affairs and the Chief Justice.
